

CENTRALIS CANADA

YOUR PARTNER FOR GLOBAL CORPORATE SERVICES

Centralis Group is a market-leading outsourced corporate services provider. Our team of highly-qualified experts deliver innovative, effective solutions that will exceed your expectations.

About Us

We specialise in providing a wide range of corporate, treasury, infrastructural and debt administration support to multinational organisations, private equity houses, international fund structures, real estate firms and private individuals. With a team of highly-driven specialists, we are able to offer the best outsourcing and cross-border structuring solutions across diversified areas of business expertise.

Our Values

We appreciate that you are looking for more than just a service provider. You need a partner with exemplary technical know-how, a can-do attitude, integrity and unrivalled communication skills. Centralis delivers all of this and more, providing tailored solutions to even the most demanding clients.

We are committed to building lasting relationships and with this in mind, take the time to understand your business and values. Each client is different and our flexible, individual approach, with dedicated points of contact, allows us to deliver personalised solutions every time.

Canada

Over the past number of years, a blue-chip portfolio of Canadian clients have chosen Centralis as their outsourced service provider of choice across our various European jurisdictions. These clients come from a variety of backgrounds including oil & gas, mining, transportation, publishing, banking, insurance and the hospitality sector. Through its dedicated Canadian business development function, Centralis has successfully attracted and retained these clients through a combination of innovative planning ideas, experienced & committed local service teams, competitive fixed fee structures and surpassing our clients' expectations.

The continued strength of the Canadian economy, underpinned by a strong banking sector and rich natural resources, has meant that Canadian companies seek a dedicated and reliable partner as they expand and invest in their global operations. At Centralis, we are rightly proud of the role we play in the success of our Canadian clients. By regularly keeping up to date with legal, tax and regulatory issues which impact on our Canadian clients, Centralis is best placed to deliver on those expectations while continuing to grow our client portfolio every month.

Our Solutions

At Centralis Canada and globally, we provide services to various types of funds, including private equity, real estate and hedge. We also assist various types of corporate entities regardless of size, maturity or geographic scope.

Corporate Services

- Independent local directors
