

**Centralis**

your partner for Global  
Corporate Services

## Our company

Centralis Group is a market-leading alternative assets and corporate services provider. We specialise in providing a wide range of corporate, treasury, fund, debt administration and infrastructural support to multinational organisations, private equity houses, international fund structures, real estate firms and private individuals. With a team of highly-driven specialists, we are able to offer tailored solutions to even the most demanding clients.

Head-quartered in Luxembourg, the Group has offices in Barbados, Canada, Cayman Islands, Hungary, Ireland, Netherlands, Switzerland (Geneva, Lucerne, Schaffhausen, Zug, Zurich), UK, Uruguay and US. We also have desks for China and Israel.

## Our team

Centralis employs experienced, qualified, multilingual professionals across all our jurisdictions. Our team has been selected from a diverse background, focusing on financial, investment and legal professionals with an exemplary client services track record. With such a wealth of international experience, we are able to deliver a bespoke suite of corporate, treasury and administrative services.

Each member of our team is committed to providing the highest level of service at a competitive fixed rate. We believe in building lasting relationships and, with this in mind, take the time to understand your business and values. Each client is different and our flexible, individual approach, with dedicated points of contact, allows us to deliver personalised solutions every time.

## Treasury outsourcing

With our in-depth treasury expertise, our bespoke services enable you to focus more on company strategic activities as operational treasury matters are removed from your day-to-day responsibilities.

Our treasury solutions provide an effective, cost-efficient alternative to establishing and running an in-house treasury operation. With an abundance of highly-qualified professionals, we take care of your front, middle and back office treasury functions.

By fully understanding your business needs, our corporate treasury specialists are committed to delivering efficient, customised solutions.

## Cash and Liquidity Management

- Assist with the establishment of European and global cash pools with various banks
- Coordinate relevant cash pool documentation
- Prepare loan and zero-balancing agreements
- Set up BAI bank uploads to the chosen Treasury Management System (TMS)
- Record daily bank account transactions for all participant entities within the cash pool structure
- Generate daily bank reconciliations and intra-group interest calculations in line with cash pool loan agreements & AIFM, where applicable
- Produce weekly or monthly subsidiary account statements and inter-company loan balance and interest confirmations
- Provide cash forecasting and balance monitoring services
- Assist in the investment of surplus cash pool liquidity on your behalf, in accordance with your investment guidelines
- Assist with FX spot and swap derivatives to manage surplus funds on cash pool leader bank accounts
- Enter payments for settlement or derivative contracts, payments to third parties and payments to group entities outside of the cash pool structure

- Generate general ledger feeds for upload to client accounting software for cash pool leader and pool participants
- Provide periodic financial reporting according to local GAAP, US GAAP or IFRS

## Loan Administration

- Coordinate subscriptions, commitments and draw-downs of shareholders/investors
- Draft and dispatch capital call, distribution, convening and redemption notices to shareholders/investors

## Central Administration

- Coordinate with relevant service providers and regulators to provide a smooth launch of the fund structure
- Prepare operating procedures together with all parties involved
- Ensure full compliance with Luxembourg legal and financial filing obligations
- Prepare annual financial statements under LUX GAAP, IFRS or INREV
- Prepare & file regulatory reporting
- Assist auditors & AIFM, where applicable

## Accounting

- Set up chart of accounts and full reporting schedules
- Produce financial statements
- NAV calculations
- Fund reporting tailored to your needs
- Prepare annual local GAAP and IFRS financial statements
- Provide forecasting, budgeting and cash flow analysis
- Assist with local statutory audits and group consolidations
- Manage day-to-day operations and coordinate with third party providers
- Administer cash and bank accounts

- From structuring your fund to communicating with investors and complying with regulations, our committed fund specialists provide the service you need throughout the entire fund life cycle.

## Debt administration services

With qualified professionals across multiple jurisdictions, you can be confident that the service you receive will meet all your debt administration requirements.

Our debt administration services have been specifically designed to meet the needs of investment managers looking for opportunities in the debt market. From investment in corporate loans to ventures in distressed Real Estate assets, investors are constantly seeking new ways to optimise returns in today's challenging, low-yield market.

With a dedicated debt administration team and the latest eFront software, we are able to provide bespoke debt servicing solutions, including transaction processing, financial reporting, cash flow management and loan administration and ongoing review.

Even in today's constantly-evolving regulatory environment, our expertise in dealing with complex debt structures is first-rate.

## Debt Administration

- Portfolio KPI monitoring, reporting and escalation management
- Counter-party, jurisdiction and asset class exposure reconciliation
- Data import from third-party service providers
- Position accounting and valuations
- Reconciliations of holdings of multiple asset classes in multiple currencies
- Transaction management
- Trade verification
- Customised reporting and task lists
- Assistance in trade settlement and reconciliation

## Our Expertise

- In-depth expertise – our legal, tax and accounting professionals have a wealth of knowledge and experience
- Bespoke solutions – our debt administration specialists are committed to delivering efficient, customised solutions
- Efficient – meeting deadlines and individual requirements
- Controls – we operate within a secure, regulated environment
- Dedicated software (eFront) – ability to manage the complexities involved in debt administration, providing accurate and timely reporting
- Independent – we always act in your best interest

## eFront

eFront is a leading provider of technically-advanced software solutions dedicated to the financial industry. FrontInvest - one of eFront's innovative product suites - provides a secure solution for complex debt and other fund administration activities. Sophisticated, yet simple to use, FrontInvest is based on Microsoft technologies and offers a comprehensive range of bespoke reporting and calculation capabilities.

## Business office services

Whatever your demands, our support teams are dedicated to offering you first-class service in the perfect business environment.

Situated in prime locations, our well-appointed offices allow you to focus on your business in an exceptional working environment, supported by a team of experienced and dedicated personnel.

From personal desk space and meeting rooms to logistic and administrative support, our entire suite of business services are tailored to your individual needs, enabling your business to run as efficiently as possible.

## Offices

- Fully-equipped, modern offices
- Dedicated phone numbers
- Instant access to telephone, fax and high-speed internet
- Private, tranquil environment
- 24/7 secured access
- Flexible contract terms

## Business Support

- Single point of contact for all your business needs
- Professional, multilingual reception team
- Secondment of experienced and qualified employees
- Fire-proof safekeeping of records and full back-up of all electronic information
- 24/7 secured access
- Facility management
- Coordination and assistance with local service providers and privileged business partners
- Administrative and IT services

## Conference Rooms

- Executive meeting rooms for up to 16 people
- Fully-equipped video conferencing facilities

## Additional Facilities

- Dedicated parking spaces
- Secretarial services
- Concierge (reservation of restaurants, drivers, meal delivery)
- Kitchen/coffee corners
- Airport shuttle service

## Service delivery

Our approach to service delivery is centralised on tailoring our offering to meet each client's specific requirements.

Segregation of duties, controls and independent monitoring in line with suitable operational risk management are key to delivering first-class service. Our operational methodology is based on following clearly-defined procedures from the outset of a relationship:

- Analysis of your requirements by a cross-functional team of experts
- Comprehensive, documented procedures
- Agreed implementation schedule
- Information content, timing and deadlines established
- Measures in place to deal with issues in a proactive and efficient manner
- Test run of systems and processes
- Primary and secondary points of contact for all elements of the relationship

By understanding your business needs and building a project team that will best match those requirements, from both a technology and business perspective, we are able to produce exceptional solutions.
